

7/5/2017

Dear Patients:

It is with mixed emotions that I am announcing my retirement from Teton Spine and Sports Pain Center, effective 7/31/2017. It has been a great pleasure providing for your health care needs over the years, and it is not easy for me to give it up.

As of 8/1/2017, Dr. Derek Russell will be taking over the care of my patients in Idaho Falls and Dr. Tim Snell will be taking over the care of my patients in Pocatello. Their offices are located in Idaho Falls at 3385 Potomac Way and in Pocatello at 1950 E. Clark Street. All offices can be reached at 208-542-7246. Of course, you may seek medical care from another doctor if you like. You can have your medical care transferred back to your primary care provider or if you choose to do so, I recommend looking for a new Pain Specialist as soon as possible. Teton Spine and Sports Pain Center can help you begin your search by giving you the names of doctors in the area who are accepting new patients.

Your medical records are confidential, and a copy can be transferred to another doctor or released to you or another person you designate only through your written permission. If you plan to continue your care with Dr. Russell or Dr. Snell, you can sign an authorization form to release your files on your next visit or at any of their locations. If you choose to see a different physician, please sign the enclosed authorization form and return it to my office as soon as possible so we may transfer your records to your new doctor. Until then, your records will remain on file at my former office with Mountain View Hospital acting as custodian of them.

During this time of transition, the clinic will work with each patient to assure your appointments are made in a timely manner.

I have greatly valued our relationship and thank you for your loyalty and friendship over the years. Best wishes for your future health.

Sincerely,

A handwritten signature in dark ink, appearing to read "Holly Zoe", written over a light blue horizontal line.
